- 1.2 The College may, from time to time, be required to share personal information about its staff or pupils with other organisations, mainly other Colleges, Colleges and educational bodies, and potentially social services.
- 1.3 This policy is in place to ensure all staff and Governors are aware of their responsibilities and outlines how the College complies with the following core principles of the GDPR.
- 1.4 Organisational methods for keeping data secure are imperative, and Horizons College believes that it is good practice to keep clear practical policies, backed up by written procedures.

This policy complies with the requirements set out in the GDPR, which will come into effect on 25 May 2018. The government have confirmed that the UK's decision to leave the EU will not affect the commencement of the GDPR.

2. Legal framework

- 2.1 This policy has due regard to legislation, including, but not limited to the following:
 - a. The GDPR.
 - b. The Freedom of Information Act 2000.
 - c. The Education (Pupil Information) (England) Regulations 2005 (as amended in 2016).

 - b. Information Commissioner's Office (2017) 'Preparing for the General Data Protection Regulation (GDPR) 12 steps to take now'.

3. Applicable Data

HORIZONS COLLEGE

- 3.1 For the purpose of this policy, *personal data* refers to information that relates to an identifiable, living individual, including information such as an online identifier, such as an IP address. The GDPR applies to both automated personal data and to manual filing systems, where personal data is accessible according to specific criteria, as well as to chronologically ordered data and pseudonymised data, e.g. key-coded.
- 3.2 *Sensitive personal data* is referred to in the GDPR as 'special categories of personal data', which are broadly the same as those in the Data Protection Act (DPA) 1998. These specifically include the processing of genetic data, biometric data and data concerning health matters.

4. Principles

- 4.1 In accordance with the requirements outlined in the GDPR, personal data will be:
- a. Processed lawfully, fairly and in a transparent manner in relation to individuals.
 - b. Collected for specified, explicit and legitimate purposes and not further processed in a manner that is incompatible with those purposes; further processing for archiving purposes in the public interest, scientific or historical research purposes or statistical purposes shall not be considered to be incompatible with the initial purposes.
 - c. Adequate, relevant and limited to what is necessary in relation to the purposes for which they are processed.
 - d. Accurate and, where necessary, kept up-to-date; every reasonable step must be taken to ensure that personal data that are inaccurate, having regard to the purposes for which they are processed, are erased or rectified without delay.
 - e. Kept in a form which permits identification of data subjects for no longer than is necessary for the purposes for which the personal data are processed; personal data may be stored for longer periods, insofar as the personal data will be processed solely for archiving purposes in the public interest, scientific or historical research purposes or statistical purposes, subject to implementation of the appropriate technical and organisational measures required by the GDPR in order to safeguard the rights and freedoms of individuals.
 - f. Processed in a manner that ensures appropriate security of the personal data, including protection against unauthorised or unlawful processing and against accidental loss, destruction or damage, using appropriate technical or organisational measures.
- 4.2 The GDPR also requires that 'the Controller shall be responsible for, and able to demonstrate, compliance with the principles'.

- 6.5 Sufficient resources will be provided to the DPO to enable them to meet their GDPR obligations.
